

# STRANGERS

AVAIION

Feelings

Emotions turn to feelings  
Emotions turn to strangers  
That we used to know

Even though you never say goodbye

All I wanna see is you tonight

'Cause everywhere I go I know that you still think of home

Feelings

Emotions turn to feelings  
Emotions turn to strangers  
That we used to know

Even though you never say goodbye

All I wanna see is you tonight

'Cause everywhere I go I know that you still think of home

Feelings

Emotions turn to feelings  
Emotions turn to strangers  
That we used to know

Even though you never say goodbye

All I wanna see is you tonight

'Cause everywhere I go I know that you still think of home
