

## Beyond the Clouds

Avalon

I've been there before  
I've been where you are  
Blinded by the tears in my eyes  
You see no way out of your fears and your frustration  
You find yourself believing the lies

You've got a friend  
Who won't give up on you  
And I know  
You're gonna make it through

Beyond the clouds  
The sun is shining  
Beyond the storm  
The sky is blue  
Beyond the rain  
Hope is waiting  
I'll be there for you  
I'll be there for you

When you're left alone  
Don't know where to go  
And nothing is the way that you've planned  
Oh, you want some proof  
That there'll be a happy ending  
Something you can hold in your hands

I understand  
The pain is in your eyes  
But just hold on  
It's gonna be alright

You were never meant to do this alone  
Then I'm by your side when you feel alone  
Beyond the clouds
