

## I Bring it to You

Avalon

All of these words on paper  
All of these thoughts in my head  
The times I feel out of favor  
The fear that sleeps in my bed

All of these stones in my pocket  
My dreams that crashed on the shore  
Faith when I thought I lost it  
I lay it all at Your door

I bring it to You  
There's wonder in all that You do  
I bring You the scraps that make up my soul  
You make me whole, I'm gold  
I bring it to You

Songs I've shouted to heaven  
The grace I've never deserved  
All these gifts I've been given  
The life that I find in Your word

I bring it to You  
There's wonder in all that You do  
I bring You the scraps that make up my soul  
You make me whole, I'm gold  
I bring it to You

I give You the glory  
And I praise Your holy name  
But more than anything  
I bring You love  
I bring You love

I bring it to You  
There's wonder in all that You do  
I bring You the scraps that make up my soul  
You make me whole, I'm gold

There's wonder in all that You do  
I bring You the scraps that make up my soul  
You make me whole, I'm gold  
I bring it to You
