

If Not for Jesus

Avalon

Seeing myself in old pictures
I think of the miles left behind
And all of the ways
I'm different today
And the story that just might be mine
If not for Jesus

If not for Jesus
There's no way I would know
Love and freedom
Such mercy and hope
I don't wanna imagine
This heart inside of me
And the person I might be
If not for Jesus

Even now moment to moment
In the choices I'm tempted to make
It's easy to see and hard to believe
How He's still saving me
From all my selfish ways

If not for Jesus
There's no way I would know
Love and freedom
Such mercy and hope
I don't wanna imagine
This heart inside of me
And the person I might be
If not for Jesus

I will use every breath He gives
To tell what a Savior He is
I will use every breath He gives
To tell what a Savior He is

If not for Jesus
There's no way I would know
Love and freedom

Such mercy and hope
I don't wanna imagine
This heart inside of me
And the person I might be
And the person I might be
If not for Jesus
