

# What We're Here For

Avalon

Let's gather as a family here around the table  
Remember what we're here for  
Can we all come together as brothers and as sisters?  
Remember what we're here for

Lay every difference down  
Claim this as holy ground

We lift the name of Jesus  
In this place, He will reign  
We lift the name of Jesus  
In this place, He will reign  
We lift Your name

Let's bind the broken-hearted, bring freedom to the captives  
Remember what we're here for  
Can we forgive each other and leave it at the altar
