

Apart

Avant

You took the power out of both my hands
I watched it melt away like a grind of sand
Ain't no feeling greater then the way we were
I wish we could go right back to the way we was

Like a warrior without a sword
Like I'mma on a battlefield with no reward
Through the dark of dawn will come the light of day
Girl you swear that's why your never change

And we went
Far as we could, far as we could go
And we climbed
Higher, we held tight as we could hold
But who let go?
You let go
Thought I was the one that owned your heart
So how did we just full so far apart?

I was here for you
I promise to be there for you
I promise
(You knew that I was here for you
I was here for you)

I thought I was the one that owned your heart

Like a movie without a score
(I'm so empty)
Feel like I'm on a ship but there's no shore
(I'm lost)
Now of course I thought that we would always be
Yeah but you turned around and you showed me
(Showed me, showed me)

When I played a game with you I'd loose
(I can't seem to find away)
Cause you have your own way by switching up rules
(I'm so confused now)
I'm just thinking back on the way we were
(So happy, happy)
We were so close to making it work...

And we went
Far as we could, far as we could go
And we climbed
Higher, we held tight as we could hold
But who let go?
You let it go
You let go
You let go
Thought I was the one that owned your heart
So how did we just full so far apart?

We had it all, we had it all, yes we did
I thought I was the one that owned your heart
