

## Right Place, Wrong Time

Avant

Every time I see your face,  
Every time I look in your eyes (makes me remember, I still  
Remember)  
Takin' that flight out west,  
Just down in LAX (it was December, the end of winter)  
Stopped at the shoppin' malls, just for you I had to ball  
Givin' you everything  
You showed me things that I never knew and I thank you

Okay okay lemme clear my mind (lotta things goin' on in my head)  
You know the truth, you can never be mine (still trip off of all  
The things that you said)  
That you loved me and you need me (yes you do)  
I still believe it (but),  
I must be crazy  
God knows that I don't know what I should do  
But all that I can say

Right place, wrong time  
I'm sittin' here stuck in the middle of a masquerade with you  
You cant be mine  
I'll have to chuck it up but it'll hurt me so much (whoa whoa whoa)  
Whoa whoa whoa (I really want you)  
Hey God knows that I dont know what I should do (tell me what should I do)  
Cause I'm still in love with you

Travelin' from here to there, only so much I can bare (I wanna  
See you, but I cant see you)  
Knowin' this from the start, didn't really wanna break no hearts  
(but my emotions are still takin' me over)  
Knowing you used to call, constantly my phone was off and I knew  
This day would come  
You would go and find somebody new  
But I'm still in love with you

Right place, wrong time  
I'm sittin' here stuck in the middle of a masquerade with you you cant be mi  
ne  
I'll have to chuck it up but it'll hurt me so much (whoa whoa whoa)  
Whoa whoa whoa (can somebody help me)  
Hey God knows that I don't know what I should do (what should I do)  
Cause I'm still in love with you

I loved the things that we did together, places we went together  
(all of the places that we went together baby)  
Girl I was down whatever  
When I had time off, we could get that all  
But you know I been werkin' for certain and I know that hurts you  
Someone else is fillin' my shoes but I'm not mad at you  
Cause I wasn't there, now he's takin' my place, fillin' my space,  
Leavin' me with nothin' else to say

Right place, wrong time (right place, wrong time)  
I'm sittin' here stuck in the middle of a masquerade with you  
You can't be mine (But I need you)  
I'll have to chuck it up but it'll hurt me so much (whoa whoa whoa)  
Whoa whoa whoa

Hey (you know I cant live without you girl please don't leave me  
Right now I need you in my life)  
Oh oh  
Say say oh oh  
Say say oh oh
