

With You

Avant

I can't continue to act like
I don't wanna be here
When I know I do
Cause I'm really feelin' you (Feelin' you)
And you ain't the type to sleep around town
Let niggas get down
And come up with this lame excuse (Excuse)
And I really love the way you warm me up
Your

Your necessary like coats in the Winter
Right here like cold in December (Outside)
And I need you like
Need you like Mo-Town need its slow beat
Somethin' like oh baby baby
Oh baby baby

Where I wanna be is with you
Wanna take you from the things you used to
Cause only time I'm me is with you
And this feelin' ain't gonna change (No)
(Where I wanna be) Where I wanna be is with you (Where I)
Wanna take you from the things you used to
Cause only time I'm me is with you
And this feelin' ain't gonna change (no)
I'm gon' stay with you

This is crazy girl
This feelin' thet I get
This is the way you make me feel
Uh come on

I'd rather chill at home with chu
Then to hang out wit my boys cause your the truth
Your the truth yea
Your the truth huh
No trippin' on another chick or where I've been
No need to stay up in the streets and catch an argument
Cause your not like thet at all
You put your lovin' arms around me
I want

Your necessary like coats in the Winter
Right here like cold in December (Just like cold in December)
I need,
And I need you like
Need you like Mo-Town need its slow beat
Somethin' like oh baby baby baby
It's where I wanna be

Where I wanna be is with you (Right here)
Wanna take you from the things you used to
Cause only time I'm me is with you (Only time)
And this feelin' ain't gonna change (No, cause when I'm with you)
Where I wanna be is with you
Take you from the things you used to
Cause only time I'm me is with you (Used to)

And this feelin' ain't gonna change (no)

See you are the reason
You are the reason for everything thet im feelin'
Your my sunshine
And I'm lovin' it all
Everything about chu
I ain't really trippin'
Cause you got me lifted
Up so high
I'm so high
Don't wanna come down
Off your lovin' baby

Where I wanna be is with you (Baby)
Wanna take you from the things you used to
Cause only time I'm me is with you (Only time I'm me is with you)
And this feelin' ain't gonna change (I'm not gonna change no)
Where I wanna be is with you
(No) Take you from the things you used to
Cause only time I'm me is with you (Is with you)
And this feelin' ain't gonna change (No)
