

# Symphony Of Life

Avantasia

Tonight, tonight, tonight  
Heal me, heal me

Yes in the darkness of the night  
I know there's someone near me  
I can't explain but it's all right  
As long as this won't leave me

I give to you my sacrifice  
My virgin creed, my passion  
I'm torn in two but all my life, my life  
My life I'll wait for you

To near me  
And reveal me

Rush tonight  
We play the darkest of all symphonies  
And in a flash of light  
Then it'll all become the symphony of life  
Of life, my life

Heal me

And in the deepness of my dreams  
I know it's you that haunts me  
In blood I swear my purity  
And save my treasures for you

I give to you my sacrifice  
And lay my burden down  
Am I deranged that all my life, my life  
My life I wait for you?

To cease me  
And release me

Rush tonight  
We play the darkest of all symphonies  
And in a flash of light  
Then it'll all become the symphony of life  
Of life, my life

You haunt me, chase me like a beast  
And with a taste so bittersweet  
You love me, grieve me till I'm mad  
Now is the moment
