

# Welcome To The Shadows

Avantasia

In this old cozy room  
Gently bathed in a blue light  
You ponder on their world  
In the bright sun

What surrounds us is said  
To be filthy and dead  
Quite foolish  
To the quite erudite one

Blue - look out: the moon!  
In the shadows we dwell  
Too unseen to be true

In the dead of night  
The blood moon is smiling  
Join the unseen  
Dance in between the shadows  
Susurrating brake  
Reaching for you  
From the shadows

I'm the master of things  
Speaking backwards, with wings that can fly  
Unperceived by the sneery

All you see will be said  
To be just in your head  
It's so simple  
In the land of the dreary

You close your eyes boy, and soon...  
You're safe in my world  
We're ghosts in the moon

In the dead of night  
The blood moon is smiling  
Join the unseen  
Dance in between the shadows  
Susurrating brake  
Reaching for you  
From The shadows

In the dead of night  
The blood moon is smiling  
Join the unseen  
Dance in between the shadows  
Susurrating brake  
Reaching for you  
From The shadows

You hear the call of the moon  
Oh, One more step through the gate  
And they won't tread on you...

In the dead of night  
The blood moon is smiling

Join the unseen  
Dance in between the shadows  
Susurrating brake  
Reaching for you  
From the shadows

In the dead of night  
The blood moon is smiling  
Join the unseen  
Dance in between the shadows  
Susurrating brake  
Reaching for you  
From The shadows
