

Captain Goat

Avatar

He who knows the boat
Steer us clear of jagged shores
He who's crowned with horns
Row us home
Captain Goat

Razor sharp rocks shave the wood off the keel
Off to lands unknown
Turn the cross, turn the boat, upside down
Muddy skies, bottom clear

Oar up
Head down
Drums
In the storm

He who knows the boat
Steer us clear of jagged shores
He who's crowned with horns
Row us home
Captain Goat

Insanity is promised as a trade
For drinking salt water
Watch the swirls, mind your hands, bend your back
So it goes, so we row

Oar up
Head down
Drums
In the storm

He who knows the boat
Steer us clear of jagged shores
He who's crowned with horns
Row us home
Captain Goat
