

## On the Beach

Avatar

I throw myself into the ocean  
To the tune of all the sirens  
It's the error of the ages  
And the best is yet to come, babe  
The best is yet to come

The best is yet to come

Watch the light across the sky tonight  
People gather on the beach to see  
Look at me, look at you  
Lucky us, we made it  
Saw it through to the end

All the nights I spend here staring  
Through the window at the winds  
To try to hear the ancient voices  
But I know we're all alone, babe  
We are all alone

We are all alone

Watch the light across the sky tonight  
People gather on the beach to see  
Look at me, look at you  
Lucky us, we made it  
Saw it through to the end

Look at me  
Look at you  
Look at you  
Lucky us, we made it  
Look at me  
Look at you  
Look at you  
Lucky us, we made it

Watch the light across the sky tonight  
People gather on the beach to see  
Look at me, look at you  
Lucky us, we made it  
Saw it through to the end
