

Pray the Sun Away

Avatar

Blessed is this final hour
Devour my soul
I foretold the arrival
Arise from the hole

Hear what I am saying
The Eagle brings the day
Watch them as they're praying
Pray the sun away

Burn the emerald towers
The cowards and thorns
I stand by my conviction
I leave this earth scorn

Hear what I am saying
The Eagle brings the day
Watch them as they're praying
Pray the sun away

As I go to the river to drink
I learn that your tears all taste exactly the same

Hear what I am saying
The Eagle brings the day
Watch them as they're praying
Pray the sun away

Hear what I am saying
The Eagle brings the day
Watch them as they're praying
Pray the sun away
