

Blackbird there's a cold light in your eyes
You got shady moves and you sing so loud
But you've got something to hide
Sounded like the truth
When I heard you speak
But I know now it's much too late
To turn the other cheek

Oh devil in disguise
I know what you've done
I feel the water on my feet as I'm
Crossing Rubicon

Blackbird when you spread your wings all trust die
'Cause you can't keep your tongue from evil
And your lips from telling lies
Flood has turned to tide
I can see you clear
I know truth is on my side
With thousand shields and spears

Oh devil in disguise
I know what you've done
I feel the water on my feet
As I'm crossing Rubicon
As I'm crossing Rubicon

There will be no return
No return
