

Shake That Demon

Avatarium

Hey you I remember death
One move and I remember you
One sound and darkness keeps on growing
Just like darkness always do

Old dog
You're just a hound

Hey you I remember death
You remind me every night what's new
One sound and anxiety keeps on growing
Just like anxiety always do

Old dog
You're just a hound
Watch me

I'm gonna shake with the demon
And shake that demon down

Hey you remember death
I remember
I remember
I remember
You
