

Alone

AVEC

I don't think I can do this, dear
I don't think I should stay right here
In the woods
I don't think we should be this near
I don't think there should be a fear
In the woods

I feel alone, I feel alone, I feel alone
With you
I feel alone, I feel alone, I feel alone
With you

You ask me if it's love right here
I don't think that I made it clear
In the woods
I do believe you're lost out here
It's cold and too dark, my dear
In the woods

I feel alone, I feel alone, I feel alone
With you
I feel alone, I feel alone, I feel alone
With you
Oooh, ooh, oh
I don't think I can do this, dear
I don't think I should stay right here
In the woods

You ask me if it's over here
We never ever started, dear
In the woods
