Hear me from Holland through my lungs  
I hear you speaking in turns  
Hear me from standing at your door  
I hear you and watch your [?]

Oh...  
Can you see, see?  
Can you believe, 'lieve it?

Hear me I'm beggin' for your love  
I hear you but that's not enough  
Hear me I'm drowning for you  
I hear you, oh look what it made me do

Oh...  
Can you see, see?  
Oh...  
Can you believe, 'lieve it?  
Hold me close, you know the way it goes  
I can see in your eyes  
Hold me oh, just as tight  
And all he knows that's the way it goes  
See the tears in your eyes  
Hold me oh, just as tight

Can you see, see?  
Can you believe, 'lieve it?  
Oh...  
Can you see, see?  
Oh...  
Can you believe, 'lieve it?  
Hold me close, you know the way it goes  
Can you see, see?  
And all he knows that's the way it goes  
Can you believe, 'lieve it?

Hold me close, you know the way it goes  
Can you see, see?  
And all he knows that's the way it goes  
Can you believe, 'lieve it?  
Oh...  
Can you see, see?  
Oh...  
Can you believe, 'lieve it?  
Oh...  
Can you see, see?  
Oh...  
Can you believe, 'lieve it?  
Oh...  
Can you see, see?  
Oh...  
Can you believe, 'lieve it?

(Can you see, see  
All he knows that's the way it goes  
Can you believe, 'lieve it?  
Hold me close, you know the way it goes

Can you see, see  
All he knows that's the way it goes  
Can you believe, 'lieve it?)
