

# Feel Good

AVEC

I let you know that my mind is moving fast  
Even I can't keep up with all its pace  
But how can you know without trying to try it again  
Forgot my heart in the backseat of your car  
While you were driving away from my front door  
Don't make me stop dreaming about you

Now you're talking to somebody else  
About your mind, that is a mess  
Like mine, like I do in a room, where nothing lasts

It's up to you  
And I don't mind if you do what you have to do to feel good  
Go cut me loose  
Yeah, I don't mind if you do what you gotta do to feel good  
Cause I don't know how to feel you

We kinda played by the rules we never made  
Hoping that we could somehow stand a chance  
But we were always beyond our expiration date  
Looked after one of the neighbour's dogs for a while  
Your mum and I would have gotten along just fine  
Go blame the stars that are just as high as we were

Now you're talking to somebody else  
About your mind, that is a mess  
Like mine, like I do in a room, where nothing lasts

It's up to you  
And I don't mind if you do what you have to do to feel good  
Go cut me loose  
Yeah, I don't mind if you do what you gotta do to feel good

I guess that you could say we're both masters in different classes  
On how to suppress our feelings we've just gotten used to people leaving  
Nothing's worse than to still feel hurting after all these years  
Now I'm almost 25 and I still miss him all the time

It's up to you  
And I don't mind if you do what you have to do to feel good  
Go cut me loose  
Yeah, I don't mind if you do what you gotta do to feel good  
(I don't know how to feel you)

It's up to you  
And I don't mind if you do what you have to do to feel good  
(I don't know how to feel you)  
Go cut me loose  
Yeah, I don't mind if you do what you gotta do to feel good  
Cause I don't know how to feel you
