

Ghosts

AVEC

You're somehow familiar
In a way that's unfamiliar
And as much as I hoped to erase you I know I can't
And I remember
Every word you said
On the tip of your tongue in a darkness of once lived

'Cause I, know, you
And I, know, them

There are ghosts living in the corners of my head
Building up these walls in my defense
But I'm not part of that
These ghosts only just a shade of blue and green
Painting all these pictures in my head
But I'm not part of that
I don't wanna be part of that

You're making me shiver
With your voice a little whispers
And as much as I'd like to face you I know I can't
As soon as I enter
It's all falling apart
Can you see beneath my soul inside my heart?

'Cause I, know, you
And I, know, them

There are ghosts living in the corners of my head
Building up these walls in my defense
But I'm not part of that
These ghosts only just a shade of blue and green
Painting all these pictures in my head
But I'm not part of that
I don't wanna be part of that
