

# Heaven / Hell

AVEC

Heaven and hell are words to me  
Heaven and hell, no safety  
I know I'm bad and I'm still not okay  
I know you're tired and there's no other way  
To ever feel again

Heaven and hell are words to me  
Heaven and hell, no safety  
I know I'm sad and I'm still not okay  
I know you're afraid and there's no other way  
To ever feel again  
To ever feel the pain

So give me one last chance  
Give me your heartache  
I'll taste it all  
Take me by the hand  
And show me your darkest  
Oh, I'll taste it all

Heaven and hell are  
Heaven and hell are  
Heaven and hell are  
Heaven and hell are  
Heaven and hell are  
Heaven and hell are  
Heaven and hell are  
Heaven and hell are

Heaven and hell are (you tried to)  
Heaven and hell are (to feel again)  
Heaven and hell are (you tried to)  
Heaven and hell are  
Heaven and hell are (I tried to)  
Heaven and hell are (to feel again)  
Heaven and hell are (I tried to)

Heaven and hell are  
Heaven and hell are  
Heaven and hell are  
Heaven and hell are  
Heaven and hell are  
Heaven and hell are  
Heaven and hell are  
Heaven and hell are
