

# Love

AVEC

When you think one day that you gonna' stay  
Do you believe it, you believe it  
When you clear your mind and you lift him high  
Do you believe it, you believe it  
When you're just too shy and one look in his eyes  
Makes you leave it, oh you leave it  
When you're on your knees and the only way is to just  
Leave it

I found love darlin'  
I found love darlin'  
Keep your head up  
I lay my heart down  
And I found love, darlin'  
I found love, darlin'  
Keep your head up  
I lay my heart down  
Down

When you try so hard but you just can't stop  
Yeah you feel it, oh you feel it  
When you must escape from the love you made  
But you feel it, oh you feel it  
When you're getting numb and there's nothing you've done  
Oh you leave it, yeah you leave it  
When you want it so much only one touch  
You just leave it

I found love, darlin'  
I found love, darlin'  
Keep your head up  
I lay my heart down  
And I found love, darlin'  
I found love, darlin'  
Keep your head up  
I lay my heart down

Oh it's you and me, there's no way you can't see  
The way I am falling, falling for you  
It's you and me, there's nothing you can't see  
Oh I'm falling, falling for you

I found love, darlin'  
I found love, darlin'  
Keep your head up  
I lay my heart down  
And I found love, darlin'  
I found love, darlin'  
Keep your head up (head)  
I lay my  
Lay my heart down  
Down

Keep your head up  
I lay my heart down  
Down  
Keep your head up

Oh...

Down

Keep your head up

Down

Keep your head up

Oh...

Oh...

Oh...
