

You made love to her  
You made me  
And you wasted my youth  
That's what you gave to me  
You made love to her  
You made me  
And you wasted my life  
Oh, that's what you gave  
To me

And you thought you were doing the right thing,  
At the right time  
And you thought you were giving me your whole load of love  
And still, you're touching the same way  
And still, you laid back where we lay  
It's our fate to move where we should stay  
It's my vision to bury my own grave  
I'm not forgiving you this  
Never forgiving you this

And you thought you were doing the right thing,  
At the right time  
And you thought you were giving me your whole load of love  
And still, you're touching the same way  
And still, you laid back where we lay  
It's our fate to move where we should stay  
It's my vision to bury my own grave  
I'm not forgiving you this  
Never forgiving you this  
I'm not forgiving you this,  
No no, no no  
Never forgiving you this
