

Nothing To Me

AVEC

You, you follow me around
Like a sickness
And I can't seem
To get rid of you just yet
You linger in the corners
In a darkness
That for once in my life
I did not create alone

Somewhere along the lines of
What should have happened
It happened any other way

Go on, try to break me
Try and cut down deep
I feel nothing
'Cause you're nothing to me
Go on, try to shake me
Try and cut down deep
I feel nothing
'Cause you're nothing to me
You mean nothing to me no more

Just a taste of forgiveness
That's never coming too easy
And the younger
It forever backs to stick around

And I was always too scared to say something
Always too afraid to tell you
It's not love that leaves you blinded

Go on, try to break me
Try and cut down deep
I feel nothing
'Cause you're nothing to me
You're nothing to me
Go on, try to shake me
Try and cut down deep
I feel nothing
'Cause you're nothing to me
You mean nothing to me no more
You mean nothing to me no more

Go on, try to break me
Try and cut down deep
I feel nothing
'Cause you're nothing to me
You're nothing to me
Go on, try to shake me
Try and cut down deep
I feel nothing
'Cause you're nothing to me
You mean nothing to me no more

Go ahead and try to break me
Try to break me down

Go ahead and try to break me
Try to break me down
