Oh Boy

AVEC

Nobody told me that
We just live
While we're breathin'
And nobody told me that
We just love
While we're bleedin'
And nobody told me that
It's harder to forgive than to forget
Forget

Because oh boy, young boy
We're drifting apart and
Oh boy, young boy
This wasn't enough and
I've buried my heart, you helped dig in the hole
Does it have to be so hard at all
Oh boy, let go

Nobody told me that
We just kiss while we're leavin'
And nobody told me that
It's harder to forgive than to forget
To forget

Because oh boy, young boy
We're drifting apart and
Oh boy, young boy
This wasn't enough and
I've buried my heart, you helped dig in the hole
Does it have to be so hard at all
Oh boy, let go

We're drownin'
We're starvin'
And we're drownin'
And we're starvin'

Because oh boy, young boy
We're drifting apart and
Oh boy, young boy
This wasn't enough and
I've buried my heart, you helped dig in the hole
Does it have to be so hard at all
Oh boy, let go
