

Over Now

AVEC

We're gonna dance the night away
Guess you are here to stay
We're gonna keep it all away now

And fool what you want me to say to you
Closer to the truth
You better leave those eyes on you

And I, tell me how you sleep at night
Are you running from your own life
Oh I feel you, oh I feel you

So I, I'm dreaming of you let's hide
In the corners of your dark mind
Oh I feel you, oh I feel you
But I am tired of this whole world

It's oh, oh oh, oh
All over now
So oh, oh oh oh
All over now

So love, I'll keep you on my mind
'Cause there's no one to find
Oh I need you by my side yeah
And we we're gonna dance our get away
Yes, you are here to stay
We're gonna keep it all away now

And I, tell me how you sleep at night
Are you running from your own life
Oh I feel you, oh I feel you

So I, I'm dreaming of you let's hide
In the corners of your dark mind
Oh I feel you, oh I feel you
But I am tired of this whole world

It's oh, oh oh, oh
All over now
So oh, oh oh oh
All over now
Oh, oh oh, oh
All over now
So oh, oh oh oh
All over now
