

I got so angry my cheeks turned red  
I'm trying to make you understand that all you do is take  
God, you remind me of my dad and I could never tell you that  
Close to tears, I'm getting dressed  
You know that I hate feeling like that  
It's painful love that I have for you

You're making it so hard for me to breathe  
When did it really start, that you're so like him?

You're the sun and I'm the moon  
You'll never stop playing with fire and I'll never stop loving you  
When anger turns to sadness, stillness into madness, I'll be here waiting for you  
Time and again, you're just the sun and I'm still the moon

I got so angry you're still a part of me  
I can't make this undone and I'm not trying to  
I'm just so tired of all your bullshit  
Go ahead, blame everyone else  
Tell your truth and live your delusion  
We both know you're just as lonely as I am

You're making it so hard for me to breathe  
When did it really start, that you're so like him?

You're the sun and I'm the moon  
You'll never stop playing with fire and I'll never stop loving you  
When anger turns to sadness, stillness into madness, I'll be here waiting for you  
Time and again, you're just the sun and I'm still the moon

I'm terrified  
'Cause I feel like I'm losing you  
What the fuck did I do to you?  
I won't ever let you go  
Blood is thicker I know, I know  
We've survived so much worse than that  
It's you and me till the bitter end  
So why you hold me like you're holding water?  
While I'd still die for you  
Yeah, I'd die for you

You're the sun and I'm the moon  
You'll never stop playing with fire and I'll never stop loving you  
When anger turns to sadness, stillness into madness, I'll be here waiting for you  
Time and again, you're just the sun and I'm still the moon
