

## With Me

AVEC

I've been sleeping  
Oh so many nights just don't I know  
Am I still dreaming  
'Cause everything about you feels like home  
So I lost my way  
Thought that I couldn't get out over my head  
Yeah I've been sleeping  
Oh so many nights just don't I know

I just wanna get out of here, baby  
So do you wanna get out of here with me?  
'Cause I keep falling in love with you  
Over and over again

Can you see it  
Cause I can't tell what's going on  
But hell, I mean it  
Even though it's hard to find these words  
Thought I'd give up  
Thought it's just better to stay out of  
Stay out of it all  
Can you feel it?  
'Cause I don't think that I've been here before

I just wanna get out of here, baby  
So do you wanna get out of here with me?  
'Cause I keep falling in love with you  
Over and over again  
So do you wanna get out of here with me?  
Yeah, do you wanna get out of here with me?  
'Cause all my life I've been waiting for something  
So tell me now is it all of this nothing?  
(Do you wanna get out of here with me?)  
(So tell me now is it all of this nothing?)  
(Do you wanna get out of here with me?)  
(So tell me now is it all of this nothing?)

I just wanna get out of here, baby  
So do you wanna get out of here with me?  
'Cause I keep falling in love with you  
Over and over again  
(I wasn't waiting)  
(I wasn't waiting)

I just wanna get out of here, baby (waiting, waiting)  
So do you wanna get out of here with me? (waiting, waiting)  
'Cause I keep falling in love with you  
Over and over again (over, over, over)  
So do you wanna get out of here with me? (waiting, waiting)  
Yeah, do you wanna get out of here with me? (waiting, waiting)  
'Cause all my life I've been waiting for something, (waiting, waiting)  
So tell me now is it all of this nothing? (waiting, waiting)

I just wanna get out of here, baby
