

1 In A Million

Avelino

I don't want no drama
Don't want no beef with you
Come and link me after
Why so fired up?
You're my burning desire, eh

Don't trust them girls, they're enemies
They don't know what you meant to me
They say my name but you're my destiny
So all I want is all that was meant for me, mm

So big up the girl who told you lies
Don't bring up the girl who told you
I don't need this, I need you
Love is blind, yeah, I'm see-through
So don't let it go to waste
Don't let it go to waste
I see myself in your eyes when I hold your face
Out of you and all them girls I'd pick you know, no debate
There's a million, there's a million
I'm with you, no debate (oh no)
Even though we argue, there's still no debate

Cause you're one in a million, you're one in a million
And when I'm one in a million girls
You are one in a million
You're one in a million
They won't change you, you're different
They won't take your position
Hold me close, go the distance

No debate that I'd ride for you
I'm the wave they wanna ride to your bay
I'm the guy for you
Long day, spend the night with you
Get drunk, get high with you
Wine on me, I pour wine for you
Make you turn around, never say bye to you

Don't trust them girls, they're enemies
They don't know what you meant to me (yeah)
They say my name but you're my destiny
So all I want is all that was meant for me, mm

So big up the girl who told you lies
Don't bring up the girl who told you
I don't need this, I need you
Love is blind, yeah, I'm see-through
So don't let it go to waste
Don't let it go to waste
I see myself in your eyes when I hold your face
Out of you and all them girls I'd pick you know, no debate
There's a million, there's a million
I'm with you, no debate (oh no)
Even though we argue, there's still no debate

Cause you're one in a million, you're one in a million

And when I'm one in a million girls
You are one in a million
You're one in a million
They won't change you, you're different
They won't take your position
Hold me close, go the distance, yeah

Yeah
I don't want them, no, no
If it ain't us, I don't wanna know
Picture me and you, the perfect photo
We can take time, go slow

I don't want them, no, no
If it ain't us, I don't wanna know
Picture me and you, the perfect photo
We can take time, go slow

I don't want them, no, no
If it ain't us, I don't wanna know
Picture me and you, the perfect photo
We can take time, go slow

I don't want them, no, no
If it ain't us, I don't wanna know
Picture me and you, the perfect photo
We can take time, go slow
We can take time, go slow

(Go slow, oh, oh yeah, two, ho)
