

## Depth (Skit)

**Avelino**

And right now like, fast-forward to 2017, you've got grime, you've got UK rap. You've got this thing that people call Afro Basement rap, where do you fit in? 'Cause... how would you define your style?

Moments like these for example, putting out a body of work is how I really explain something like that. 'Cause I used to look at it and describe my music as like, when I was young, I'd say 'Yeah I'm versatile'. But the older I've got and the more, and the better I've got I've realised it's deeper than that, it's more a conversation about depth. You know what I mean? I've just got different ways to express myself. And the reason why I don't say versatile is 'cause like versatile like almost insinuates that you're doing different things because you can whereas I'm doing different things because I need to and there's different ways in which we express ourselves, so...
