Avelino

I just wanna take it easy, take it easy  
I'm on telly, shorty said she wanna see me  
When I pull up it's a Beamer not a TT  
Hella Gucci on my body with the GG's  
When I'm with the GG's, hella VV's  
Yeah, pure water like Fiji  
Catch flights not feelings, I'm easy  
She wanna take me out the game but it needs me, woi

Came a long way from the block  
From rock bottom now there's rocks in the watch  
Anything I want you know a nigga's gotta cop  
I ain't gotta tint the windows 'cause I'm gonna drop this roof  
One time, baby, then I'm gone  
I'm my own boss, no one ever put me on  
Don't do drugs, no, I hid them in my socks  
Living my life, yeah, no matter what it cost

I just wanna take it easy, take it easy  
I'm on telly, shorty said she wanna see me  
When I pull up it's a Beamer not a TT  
Hella Gucci on my body with the GG's  
When I'm with the GG's, hella VV's  
Pure water like Fiji  
Catch flights not feelings, I'm easy  
She wanna take me out the game but it needs me, woi

I don't wanna lie to you  
I just wanna drive this coupe in peace  
Tell you when I'm sliding through  
20 plate, 20K on the time piece  
I know you know how it goes  
Men lie, numbers don't  
Shades on when I do road  
Baby, I just wanna lay low

I just wanna take it easy, take it easy  
I'm on telly, shorty said she wanna see me  
When I pull up it's a Beamer not a TT  
Hella Gucci on my body with the GG's  
When I'm with the GG's, hella VV's  
Pure water like Fiji  
Catch flights not feelings, I'm easy  
She wanna take me out the game but it needs me, woi

The game is the game, been a tough season  
Oh, that's your gyal, she was up cheating  
What you know about a women's intuition?  
Push it so far in, she got a gut feeling  
You know like that, baby  
I just wanna hit it from the back, baby  
I just wanna hit you with the mac  
Like rat-a-tat-tat while I'm blowing out your back, baby

I just wanna take it easy, take it easy  
I'm on telly, shorty said she wanna see me  
When I pull up it's a Beamer not a TT

Hella Gucci on my body with the GG's  
When I'm with the GG's, hella VV's  
Pure water like Fiji  
Catch flights not feelings, I'm easy  
She wanna take me out the game but it needs me, woi
