Avelino

They got me on lockdown  
Still ain't hollering gyal that I've drop out  
Should have told my link at Rolly watch out  
Cah I swear I got every single watch now  
Bro's bagging up crop now, listening to Pop Smoke  
I might pop 'round  
I'm in the East Side listening to Shocktown  
And it might get on top cah the top's down  
I never had cable, now I'm on Sky  
Made a killin', that's fatal  
Racks on the coffee table  
Knew about tag, never knew about labels  
Now the gang's in the building  
Do it for the fam and their children  
Brand new whip, don't know why the feds wheeled it  
Heard my song and I wheeled it

I'm feelin' myself  
I don't even smoke, might bill it myself  
High off of life, done a million sells  
And bro's name's ringing as well

Ringin', ringin' in the trap  
Ringin', ringin' in the streets  
Bring 'em, bring 'em to the shows  
That's some shit you got to see  
I really did it for the mandem  
Really did it for the team  
I really grew up in a concert jungle  
Got gorillas in the streets

Got gorillas in the streets  
Drug dealers in the streets  
I just done a deal, a million for the G  
Kept it 100, still I'm with the same team  
Me, G, Rolly, so much Stoney, I'll invest in Stoney  
Run up in the building for the check they owe me  
All this fast money, I should probably spend it slowly, but fuck that (What?)  
New kettle, might buss that  
Only God can judge man  
Gyal love me and I love that  
Had to shoot my shot and she buss back

I'm feelin' myself  
I don't even smoke, might bill it myself  
High off of life, done a million sells  
And bro's name's ringing as well

Ringin', ringin' in the trap  
Ringin', ringin' in the streets  
Bring 'em, bring 'em to the shows  
That's some shit you gotta see  
I really did it for the mandem  
Really did it for the team  
I really grew up in a concert jungle  
Got gorillas in the streets

Hoo, hoo, hoo  
Gorillas  
Hoo, hoo, hoo  
Gorillas  
Hoo, hoo, hoo  
Gorillas  
Hoo, hoo, hoo
