

# Tension

Avenged Sevenfold

I wake up every morning, bright and early  
Roll out of bed but I'm never quite alone  
Tension is pulling me in all directions  
And all of these problems use me as their own  
Sometimes the pressure will just drive you crazy  
At any time I could explode  
I need some piece of mind, it's got me tired  
Don't wanna lose it, but I'm turning down that road

I need a moment 'cause I've spread myself to thin  
We all need a moment in our life  
Works hard, the days too long  
And that's just where it begins  
Tension has had us all this time

I sit in traffic every single morning  
Just as I arrive, I'm slaving to the grind  
Making the money so I feed my family  
But I can't raise them, 'cause I ain't got the time  
I got no free days on my busy schedule  
I turn the page and it's the same  
Don't like my situation, you don't either  
Don't wanna look back scared, I'm working life away

I need a moment 'cause I've spread myself to thin  
We all need a moment in our life  
Works hard, the days too long  
And that's just where it begins  
Tension has had us all this time

But every now and then  
I drive alone  
An open road  
Hot summer day  
A gentle breeze that feels alright  
All alone  
And I can't feel no pain  
Only strength  
Enjoy the sights  
I feel alive  
Relaxing here just feels alright  
Far from home

I need a moment 'cause I've spread myself to thin  
We all need a moment in our life  
Works hard, the days too long  
And that's just where it begins  
Tension has had us all this time
