

Candleless in a ruined church
extinguished ages ago
And old wax got covered with dust.
A strong sound of organ
forever replaced by silence.
You know very well why you fear.

AAARRRGGGHHH - Godless!!!!
I am not chained!!!!!!!!!!!!!!

The cross is broken and altar burnt down
Why should I cover my real face
I despise all, all that is holy,
What a use for piety. I let my fire destroy.

I despise you all, I'll bring you war!!
I'll prove the existence of evil.
I am a part of darkness, truth and lie.
That's the face of Mephistopheles!!!

I am impious, I am not chained,
I am impious!!!!!!

I stay calm, forever in dark.
I slay a god with every look of mine!!

I despise you all, I'll bring you war!!
I'll prove the existence of evil.
I am a part of darkness, truth and lie.
That's the face of Mephistopheles!!!
