

Odvracena Tvar Boha

Avenger

Hanging Christ in all temples of emptiness. Nobody can prove the existence of god or hope for another sphere. Pray and let the destruction pass! Everything is sacrificed only to his memory. Death is seen as necessity, as the will of the lord! How can the redeemer's name be kept clean? By covering the tracks, by the pagan extermination. For warding off possible conspiracy; who will ever listen to the words of the damned? Did they discover the secrets of the church? Stakes burn over the world... and then it will be calm for another couple of centuries.
