Avenoir

Yeah, yeah, yeah

Fantasies, don't look me in my eyes
You can't remember me
You know I can't talk to you
Girl, let me be
We'll slide after the show tonight
I'm tryna hit it right
I'm putting away my pride
Let me know, he can't do like I do
Love is slow
Time and time again, you know I know
But you can't get nothing else from me

I see you keep tryna reach me
Don't waste my time, you can't keep me
I'll figure out if I'm down
If I'm down for you
If I'm down for you

I see you keep tryna reach me
Don't waste my time, you can't keep me
I'll figure out if I'm down
If I'm down for you
If I'm down for you

Fantasies, don't look me in my eyes
You won't remember me
But I know you'll remember this place
Remember the way I loved you good

Oh, I know exactly what you're here for
Girl, you know exactly what you're here for
I'm gonna tell you what you're here for
You know exactly what you're here for

I see you keep tryna reach me
Don't waste my time, you can't keep me
I'll figure out if I'm down
If I'm down for you
If I'm down for you

I see you keep tryna reach me
Don't waste my time, you can't keep me
I'll figure out if I'm down
If I'm down for you
If I'm down for you

I see you keep tryna reach me
Don't waste my time, you can't keep me
I'll figure out if I'm down
If I'm down for you
If I'm down for you
