

Eve

Avenoir

You've been alone
You don't like being on your own
And know you don't have to look too far
Girl you know (the reason)
And darling I know you want this
It's been a long time since I was on it
And I don't care where you have been since (I don't care)
It's a cycle that we're repeating

On and on, and on, and on
And on (Turn the lights down lemme get straight to it)
And on, and on, and on
And it goes
On and on, and on, and on
And on, and on, and on

You've been alone
I don't like seeing you on your own
'Cause I'm right here is what you wanna hear (what you wanna hear)
And darling you know I want this
It's been a long time since I was on it
And girl I shouldn't care where you've been since
Cause it's a cycle that we're repeating

On and on, and on, and on
And on
And on, and on, and on
And it goes
On and on, and on, and on
And on, and on, and on

You just want what you don't got
And all the time that we forgot
Could you just leave my mind?

On and on, and on, and on
And on, and on, and on
On and on, and on, and on
And on, and on, and on
