

# Lightspeed

Avenoir

Coming for your body at light speed  
To me, it's so tempting  
In my mind, I can't resist you, we're both very different  
That's why I'm asking God to make this one exception  
Shining in a way that I ain't seen  
I need you beside me  
Despite living life alone, no soul you could hold  
I'd give you my all, make us very whole

Need you, but we can't erupt (My hearts needs)  
Reverse of Midas touch  
We need some more time  
We need some more time  
Need you, but we can't erupt (Girl, I really need you)  
Reverse of Midas touch  
We need some more time  
We need some more time

Oh, uh-uh (Oh)  
Uh-uh-uh (Oh)  
Oh, uh-uh (Oh)  
Uh-uh-uh (Oh)  
Oh, uh-uh (Oh)  
Uh-uh-uh (Oh)  
Oh, uh-uh (Oh)  
Uh-uh-uh

Your character had said it before I could've ever realized  
The kind of woman that you are, you're true, hard to find  
Came across a blessing and you graced my eyes  
Different kind of beauty I never, ever experienced  
And I must prepare for it  
Darling, I must prepare for you ('Cause)

Need you, but we can't erupt  
Reverse of Midas touch  
We need some more time  
We need some more time  
Need you, but we can't erupt  
Reverse of Midas touch  
We need some more time  
We need some more time

Oh, uh, uh (Need you, but we can't erupt, oh)  
Uh-uh-uh (Reverse of Midas touch, oh)  
Oh, uh, uh (Need you, but we can't erupt, oh)  
Uh-uh-uh (Reverse of Midas touch, oh)  
Oh, uh, uh (Reverse of Midas touch, oh)  
Uh-uh-uh (Need you, but we can't erupt, oh)  
Oh, uh, uh (Reverse of Midas touch, oh)  
Uh-uh-uh (Reverse of Midas touch, oh)
