

I'm trying to get closer
But nothing will change
Don't know what you think I'm supposed to do
When I'm thinking 'bout you everyday

Are you serious?
I know where you've been
Girl, you're kidding
You don't have to pretend

So, tell me why'd you rather leave than fix some things
I hate your friends, they bring the distance in
Unlucky for us, that was all we needed
Please tell me why you're giving me the coldest stare
You act as if I was never there
And sure enough, you're the one to blame

Because I changed
And you're still the same
You're the same
I'm trying to refrain
Why couldn't you wait?
Wait for me?
Wait for me?

(Tell me why)
Oh-oh-oh-oh
Oh-oh-oh-oh
Oh-oh-oh-oh
Oh-oh-oh-oh
Oh-oh-oh-oh
Oh-oh-oh-oh
Oh-oh-oh-oh
