

## Intro

## Avenue Beat

We just decided to record a bunch of covers because  
We're bored in the house and we're in the house bored  
During this quarantine and it gave us a purpose  
So hopefully it'll entertain you for you know, like 15 minutes  
I mean you could play it through twice if you wanted to, exactly  
Or put it on when you're cooking, cleaning, washing your hands  
That-that's it  
Actually that's what this is for  
Wash your hands while you listen to these covers, okay? Bye, bye
