

Don't Be That Guy

Avery Anna

I think about you all the time
What your name is
Are you kind?
Do you listen?
Do you care?
I can't wait to meet you
But before we get there

Are you close with all your family
Do you leave when things get hard
I've got questions, learned my lesson
So whoever you are

Don't be that guy that leaves me alone
That just cuts me down to say it's a joke
Don't be somebody I can't even trust
Been there before and I'm not askin' much
Don't say I'm needy when I say I need you
Expect me to stay, when I should leave you
'Cause I won't be that girl
So don't be that guy

Don't make it a habit to make me the issue
That's a mistake that I won't make twice
Don't say I love you
Then make me beg you for the bare minimum
I already know what that's like

Don't be that guy that leaves me alone
That just cuts me down to say it's a joke
Don't be somebody I can't even trust
Been there before and I'm not askin' much
Don't say I'm needy when I say I need you
Expect me to stay, when I should leave you
'Cause I won't be that girl
So don't be that guy

That I have to teach to treat me right
No. I'm not looking for another broken heart
Whoever you are

Don't be that guy that leaves me alone
That just cuts me down to say it's a joke
Don't be somebody I can't even trust
Been there before and I'm not askin' much
Don't say I'm needy when I say I need you
Expect me to stay, when I should leave you
'Cause I won't be that girl
So please don't be that guy

Don't be that guy, don't be that guy, don't be that guy
