

# lovesick

Avery Anna

Swept me off my feet  
And I don't know why  
But I wanna kiss and tell  
Feels like a movie  
Put it on display  
For everybody else

I wanna make 'em lovesick  
Hold your hand in public  
Make 'em kinda nauseous  
When we kiss  
If it's cool  
I'll wear your jacket  
Hopelessly romantic  
Bet they wish they had  
Something like this  
I wanna make 'em lovesick  
I wanna make 'em lovesick

Make single folks hate us  
And the couple 'round us  
Jealous when we touch  
Friday night shameless  
And I'm usually shy  
But let's be obvious

I wanna make 'em lovesick  
Hold your hand in public  
Make 'em kinda nauseous  
When we kiss  
If it's cool  
I'll wear your jacket  
Hopelessly romantic  
Bet they wish they had  
Something like this  
I wanna make 'em lovesick  
I wanna make 'em lovesick

Sparks on the beach  
You and me  
So classic  
Slow dancing  
Rain on the street  
Cinematic front porch full of roses  
So everybody knows it

I wanna make 'em lovesick  
Hold your hand in public  
Make 'em kinda nauseous  
When we kiss  
If it's cool  
I'll wear your jacket  
Hopelessly romantic  
Bet they wish they had  
Something like this  
I wanna make 'em lovesick  
I wanna make 'em lovesick

I wanna make 'em lovesick  
I wanna make 'em lovesick
