

# Callin'

Avery Wilson

I be tryna stay away  
But your body keeps calling  
Calling, calling

Sometimes I think that I should leave you alone  
But then I think about the times when we get it on

Everything ain't really bad as it seems  
Them arguments don't mean nothing  
I just wanna stay around you  
If I can then we'll be something  
Of course we have our ups and downs  
But I'm still around because

You, you put it down on me  
Every time you come around me  
(Cause I) I be tryna stay away  
(Stay away) but your body keeps calling  
Cause you put it down on me (me)

Now when I see you looking good on purpose  
I know you setting traps, but baby they're working  
I wanna see, I wanna touch, I wanna taste  
Can we start (fresh today)

Everything ain't really bad as it seems  
Them arguments don't mean nothing  
I just wanna stay around you  
If I can then we'll be something  
Of course we have our ups and downs  
But I'm still around because

You, you put it down on me  
Every time you come around me  
(Cause I) I be tryna stay away  
(Stay away) but your body keeps calling  
Cause you put it down on me (me)

As much as I front like I don't want it  
Deep in mind you're still on it  
Genuine pony, just ride on it, ride on it  
Yeah my shit good and you can't clone it  
Your shit is the bomb I rack on it  
I still want it cause it keeps calling

You put it down on me  
Every time you come around me  
(Cause I) I be tryna stay away  
(Stay away) but your body keeps calling  
Cause you put it down on me (me)
