

# Do For You

Avery Wilson

I was nothing but good to you  
Made some mistakes, but I still love you  
I guess I couldn't do for you  
The things you wanted me to  
And when I said that I apologize  
I meant every line I spoke  
I couldn't do for you  
The things you wanted me to

Ooh, ooh, ooh, ooh  
Guess I couldn't do for you  
The things you wanted me to  
But still, I'm here  
Tryna understand the way that you could let me in  
And expect us to be perfect  
But nothing that way's ever worth it  
Worth the fight, the fall  
Why would we not risk it all?  
And when it's not perfect  
You know that there's discernment

But tell you that somebody really loves you  
And they're not here to play you  
But you... couldn't see past my views

And when it came down to me and my wrongs  
Man, it hurt to know that I purchased them on my own

I was nothing but good to you  
Made some mistakes, but I still love you  
I guess I couldn't do for you  
The things you wanted me to  
Like not to screw up from time and time again  
To be in love and lie  
I guess I couldn't do for you  
The things you wanted me to

So I stand here alone  
In the midst of singing this song  
Knowing that I couldn't do for you  
The things you wanted me to  
Ooh, ooh, for, ooh

Yes, I couldn't do for you  
The things you want me to  
But it doesn't mean I don't love you  
I do
