

Dollar Bill

Avery Wilson

I caught myself running away from who I really was
For you
Just a young carefree man tryna have his fun
But then I let you in too deep, too soon
I know I heard that voice in my head
Sayin', "Watch out what you wish for
'Cause you might not be prepared"

'Cause the way things start ain't never how they end
But it's too late for that 'cause I gave you all I had

One thing that I know
Is that love ain't for show
And you gotta make it work 'til it don't
But if you won't
Then I'd rather be single as a dollar bill, alone
A-a-alone, a-a-alone
Like a dollar bill
I'd rather be alone
A-a-alone, a-a-alone
Like a dollar bill

Yeah, I devoted my heart to you
But I made a couple mistakes, now you seem to be through

'Cause the way things start ain't never how they end
But it's too late for that 'cause I gave you all I had

One thing that I know
Is that love ain't for show
And you gotta make it work 'til it don't
But if you won't
Then I'd rather be single as a dollar bill, alone
A-a-alone, a-a-alone
Like a dollar bill
I'd rather be alone
A-a-alone, a-a-alone
Like a dollar bill
Oh, one thing that I know
Is that love ain't for show
And you gotta make it work 'til it don't
But if you won't
Then I'd rather be single as a dollar bill
One thing that I know (Thing I know)
Is that love ain't for show
And you gotta make it work 'til it don't
If you won't
Then I'd rather be single as a dollar bill
