

Reckless

Avery Wilson

Don't play with my feelings
(My feelings cause I)
Cause I can get reckless
(If I have to)

Yeah I'm slick like Rick
But only by force
If you don't reciprocate what I do and more
Good intentions is all that I've got
If you try to make a fool out of me
The fool will come out

I never really wanna go there
But I gotta make one thing clear
All I ever give you is my everything I
Never really wanna go there
But I gotta make one thing clear
Careful with them tables, they can always turn

Don't play with my feelings
(My feelings cause I)
Cause I can get reckless
(If I have to)

Reckless if you play with my heart
Reckless if you abuse my love
Reckless
Reckless
Reckless don't you play with my heart

I ain't even hearing words
Cause baby I'm studying patterns
Making sure all of this adds up
Just so I don't
Waste my time with love and lies
Keep it 100 if I'm what you want then
Don't take me there I

I never really wanna go there
But I gotta make one thing clear
All I ever give you is my everything I
Never really wanna go there
But I gotta make one thing clear
Careful with them tables, they can always turn

Don't play with my feelings
(My feelings cause I)
Cause I can get reckless
(If I have to)

Reckless if you play with my heart
Reckless if you abuse my love
Reckless
Reckless
Reckless don't you play with my heart

I ain't never one to switch up

Only play to win the big bucks
If your chips ain't adding up then I don't
See how you could think I should never be
Reckless reckless

Reckless if you play with my heart
Reckless if you abuse my love
Reckless
Reckless
Reckless don't you play with my heart
