

# Smoke

Avery Wilson

If all lives matter, then point it out  
The real problem, we say it proud  
That black lives matter, expressing pain  
Tired of oppression and something's gonna change

Not just for George and Briana  
'Cause there is a long list I know you ain't fond of

We're not wrong for seeking revenge  
What we want the world to understand  
Is if you cut us down the middle  
We all bleed the same

Yeah, we want peace  
But we still want all the smoke  
We've been held down for too long  
Held back for too long  
Yeah, we want peace  
But we still want all the smoke  
We've been held down for too long  
We've been held back for too long

I pledge allegiance to the melanin around the world  
We are the inspiration, motivation, the source of the world  
The skin that we're in is not a weapon  
Still, they killin' all of us (killin' all of us) so we gotta stand up

Not just for George and Briana  
'Cause there is a long list I know you ain't fond of

We're not wrong for seeking revenge  
What we want the world to understand  
Is if you cut us down the middle  
We all bleed the same

Yeah, we want peace  
But we still want all the smoke  
We've been held down for too long  
Held back for too long  
Yeah, we want peace  
But we still want all the smoke  
We've been held down for too long  
We've been held back for too long

Yeah, we want peace  
But we still want all the smoke  
We've been held down for too long  
Held back for too long  
Yeah, we want peace  
But we still want all the smoke  
We've been held down for too long  
We've been held back for too long

All we want is equality  
No justice so you know there's no peace  
We want the smoke
