

# Touch Down

Avery Wilson

Level up

The only thing between us is the sheets  
And I want your body all over me, we don't need to see  
Turn the lights off, set the mood in this room  
Girl, I know what I want and what I want is you

Hoo, and when you throw it at me, baby, I'ma catch it  
No blocks in the game, no Tetris  
All I really need is love and affection  
Hoo, from you  
And we'll be goin' rounds all night  
'Cause that's the way I like it

Can you please shower down with that candy rain?  
I like that drip on it, that candy paint  
Ooh, no need to be a saint  
When we run in this place  
It's always gonna be a touchdown  
(Touch) down, (Touch) down, (Touch)  
And every time we run in this place  
It's always gonna be a touchdown  
(Touch) down, (Touch) down, (Touch)  
And when you screamin' my name  
It's always gonna be a touchdown  
Can you please shower down with that candy rain?  
I like that drip on it, that candy paint  
Ooh, no need to be a saint  
When we run in this place  
It's always gonna be a touchdown  
(Touch) down, (Touch) down, (Touch)  
And every time we run in this place  
It's always gonna be a touchdown  
(Touch) down, (Touch) down, (Touch)  
And when you screamin' my name  
It's always gonna be a touch

Every time you turn around (Touch)  
Deep in your eyes, I drown (Touch)  
With all of this passion (Touch)  
Compassion at the max  
Lay back, baby, relax  
And let me take care of you

Hoo, and when you throw it at me, baby, I'ma catch it  
No blocks in the game, no Tetris  
All I really need is love and affection  
Hoo, from you  
And we'll be goin' rounds all night  
'Cause that's the way I like it

Can you please shower down with that candy rain?  
I like that drip on it, that candy paint  
Ooh, no need to be a saint  
When we run in this place  
It's always gonna be a touchdown, down, down
