

# Best Day of My Life

Avery

I've never felt cool until the coolest kid in the room said so  
I've made it my mission to be someone that you all wanna know  
I swear to God I'll be happy  
Once I make the whole world love me  
But I'll never feel good enough until you all leave me alone

Yeah, I start feelin' like me  
When I stop bein' what you need

The best day of my life  
Is when I realize  
Don't wanna be someone that you like  
The best day of my life  
Is when I realize  
That I'm just not your type  
And I don't wanna be

I let you pick up apart my flaws till every part of me's gone  
I was everybody's favorite girl till they got what they wanted  
I've tried to be everything for everyone and it's exhausting  
Now that I've seen you all up close, I don't care what you want

Yeah, I start feelin' like me  
When I stop bein' what you need

The best day of my life  
Is when I realize  
Don't wanna be someone that you like  
The best day of my life  
Is when I realize  
That I'm just not your type  
And I don't wanna be

Everyone I have ever met  
Leaves me voices that I can't forget  
If I scream real loud  
I can drown 'em out  
Gonna scream real loud

The best day of my life  
Is when I realize (when I realize)  
Don't wanna be someone that you like (that you like)  
The best day of my life  
Is when I realize (when I realize)  
That I'm just not your type (I'm just not your type)  
And I don't wanna be

(Ah, yeah  
Someone you like  
Yeah, I'm just not your type  
Best day of my life)
