We, we dont have to worry bout nothing Cause we got the fire, and we're burning one hell of a something They, they gonna see us from outer space, outer space Light it up, like we're the stars of the human race, human race

When the lights started out, they dont know what they heard Strike the match, play it loud, giving love to the world We'll be raising our hands, shining up to the sky Cause we got the fire, fire, fire, yeah we got the fire fire

And we gonna let it burn burn burn burn We gonna let it burn burn burn burn Gonna let it burn burn burn burn We gonna let it burn burn burn burn burn

We don't wanna leave, no, we just wanna be right now
And what we see, is everybody's on the floor acting crazy getting low go til
1 the

The music sounds, I'm waking up, we fight the fire then we burn it up
And it's over now, and we've got the love and we're sleeping now sleeping no

When the lights started out, they don't know what they heard Strike the smash, play it loud, giving love to the world We'll be raising our hands, shining up to the sky Cause we got the fire, fire, yeah we got the fire fire

And we gonna let it burn burn burn burn We gonna let it burn burn burn burn Gonna let it burn burn burn burn We're gonna let it burn burn burn burn

When the lights started out, they don't know what they heard Strike the match, play it loud, giving love to the world
