

Hope U Feel It Too

Avery

Doesn't matter where I go, doesn't matter who I'm with
I've never felt like I was where I was supposed to be
I had given up on love, I was over all the lies
Done giving myself away for someone who would leave

And then that's when you showed up, out of the blue
We stayed up all night, held onto you
Every time we kiss, time doesn't exist
I don't think it could get better than this

So this is what it's supposed to feel like
Falling in love, yeah
Been walking round feeling like something's not right
Till you came along
And I don't know where we're
Going, baby, after tonight
This sounds crazy, but it feels like
The rest of our lives
God, I hope you feel it too

Saw my mom the other day, biggest smile on my face
She said she hadn't seen me like this in a while
And even if it ends today, I would still die happily
'Cause for a moment here with you, I was alive

They say its not like the movies, with you, it is
Laying with you I just feel so at bliss
Higher than a drug, baby, is this love?
Nothing has ever felt better than this

So this is what it's supposed to feel like
Falling in love, yeah
Been walking round feeling like something's not right
Till you came along
And I don't know where we're
Going, baby, after tonight
This sounds crazy, but it feels like
The rest of our lives
God, I hope you feel it too

Ah, ah
God, I hope you feel it too
Ah, ah

So this is what it's supposed to feel like
Falling in love
Been walking round feeling like something's not right
Till you came along
And I don't know where we're
Going, baby, after tonight
This sounds crazy, but it feels like
The rest of our lives
God, I hope you feel it too

Ah, ah
God, I hope you feel it too
Ah, ah

Doesn't matter where I go, doesn't matter who I'm with
I've never felt like I was where I was supposed to be
